DOCUMENT RESUME

ED 176 474 EC 120 522

TITLE	SER-LARS, Volume 8. Instructional Materials by Publisher. 1975-76 Edition.
INSTITUTION	Montgomery County Intermediate Unit 23, Blue Bell, Pa.; National Learning Resource Center of Pennsylvania, King of Prussia.; Pennsylvania State Dept. of Education, Harrisburg. Bureau of Special and Compensatory Education.
SPONS AGENCY	Bureau of Elementary and Secondary Education (DHEW/OE), Washington, D.C.
PUB DATE	76
CONTRACT	OEC-0-74-7892; OEC-2-70-0051
GRANT	300-75-0034
NOTE	658p.; Special Education Resources Location Analysis and Retrieval System (SER-LARS); Best Available Copy; For related information, see EC 120 515-526
EDRS PRICE	MF03/PC27 Plus Postage.
DESCRIPTORS	Elementary Secondary Education; *Handicapped Children; *Instructional Materials
IDENTIFIERS	*SER LARS (Information System)

ABSTRACT

The eighth volume in the SER-LARS (Special Education Resources Location Analysis and Retrieval System) series, a diagnostic-prescriptive instructional data bank for teachers of handicapped children, inventories instructional materials by publisher. Organized alphabetically by publisher, entries include title and SER-LARS accession number. (CL)

VOLUME 8

INSTRUCTIONAL MATERIALS

BY PUBLISHER

The National Learning Resource Center of Pennsylvania (NLRC/P), A Project of the Pennsylvania Department of Education (Bureau of Special and Compensatory Education), with Montgomery County Intermediate Unit No. 23 as Local Education Agency

EC120522

For further information, please contact the National Learning Resource Center of Pennsylvania, 500 Valley Forge Plaza, 1150 First Avenue, King of Prussia, PA 19406 (telephone 1-215-265-3706).

1975-76 Edition

The development of the SER-LARS system has been supported by the Division of Special Education (Commonwealth of Pennsylvania), by NLRC/P (Grants # 300-75-0034 and # OEC-0-74-7892), by NRRC/P (Title VIC ESEA Grant # OEC-2-70-0051), by an ESEA Title VI grant in IU 10 (# 48-0155-13-080) and (# 48-0246-44-425), by an ESEA Title VI grant in Huntingdon County (# 48-0769-31-290), by an ESEA Title VI grant in IU 11 (# 48-0769-31-291), by an 89-313 grant in Elwyn Institute (# 48-7084-23-830), by an ESEA Title III grant in IU 23 (# R-59-H-48-70-0010-0), by an ESEA Title III grant in Allentown (# 710578), by an ESEA Title III grant in the Philadelphia School District (# F2-72071-51-500-01-15-A) and by IUs 15 and 23. However, no formal endorsement of the content herein or the practices implied thereby is to be inferred on the part of the supporting agencies.

SUMMARY. Policy and procedures are outlined for the use of SER-LARS instructional material reports.

POLICY STATEMENT. The SER-LARS Instructional Materials File is designed to assist the system user in the development of prescriptions and in documenting these prescriptions (See Diagnostic-Prescriptive Model - Levels 6 and 7). The user is provided with a numbering system which facilitates inventories, reduces the amount of information to be submitted on prescription records and allows for cross-indexing of materials used by others.

Instructional materials are defined in SER-LARS as those items which are used in educational settings and which have inherent instructional content. This means that generic items such as chalkboards and tape recorders do not qualify as instructional materials. The only exception to this is when there is a manual accompanying the generic item which defines the teaching and learning tasks (See also SER-LARS Reports: Instructional Method Information).

Before moving into writing prescriptive programs for students, the serious system user will take a pre-prescriptive inventory involving the assignment of SER-LARS numbers to each instructional material in the classroom. Documentation of instructional materials becomes simple once this is accomplished (See Appendix F - Procedures for Pre-Prescription Material Inventories). During such an inventory, items which are not currently in the instructional material file are reported to CCSU so a number may be assigned.

INSTRUCTIONAL MATERIALS BY NUMBER (D-1a)

1. Description - this report is a catalog of materials sorted by the NLRC/P number which has been assigned. Included are the title, publisher (source), the catalog number, and an indication if an analysis is available. The following cues are used:

   TI -- Title
   SO -- Source
   MA -- An Analysis is Available
   CA -- Catalog Number

2. Purpose - provides a reference list of materials which have been identified by number in the objective history Report C-2. The title, publisher, and other identifying information will aid the user in determining, (1) whether he

INSTRUCTIONAL MATERIALS BY NUMBER (D-1a) (Continued)

presently has the material or, (2) whether he can obtain the material.

3. Procedures - Location of Material Title: note 5 digit number of material. Identify volume in which material is located (Volume I has numbers 00001 to 6000, Volume II has the remainder). Look for the number along the left edge of the page. Compare both title and publisher before accepting the material as a match. You may wish to request an analysis if it is available.

INSTRUCTIONAL MATERIALS BY TITLE (D-1b)

1. Description - this report is a catalog of materials sorted alphabetically by title. Included are the NLRC/P number and publisher (source). An additional cue is: SO_ Source or Publisher.

2. Purpose - (a) Provides a reference list of materials which have been identified by title elsewhere in order to obtain NLRC/P numbers for material (See Caution below). (b) Provides identifying information for ordering purposes.

3. Procedures - Location of Material Number: when recording a material used in a prescription, locate the SER-LARS material number by looking for the title of the material as it appears on the box lid or the title page. The material number is listed.

4. Caution - it may be necessary to look for a material title in many variations such as Group Sounding Words, Dolch's Group Sounding Words, Word Game, etc. (The material report by publisher, D-1c, is more useful for this purpose).

INSTRUCTIONAL MATERIALS BY PUBLISHER (D-1c)

1. Description - this report is a catalog of materials sorted alphabetically by publisher.

2. Purpose - (a) Provides a reference list of materials organized by publisher in order to obtain NLRC/P numbers. (This is the easiest report to use in inventories). (b) provides a source list indicating the availability of special education materials of each publisher as reported by system users.

3. Procedures - (a) Location of Material Number: when recording a material used in a prescription, locate the SER-LARS material number and title under the appropriate publisher.

   (b) Index to Location of Materials Title by Locating the Publisher Name: By using the publisher of the material, the searching for the title is minimized by narrowing the field of possibilities. Ex: There are 33 entries under Garrard Publisher, one of which is Dolch Group Sounding Words. Looking through publishers' names is much less forboding than facing 3000 title entries.

INSTRUCTIONAL MATERIALS: TEACHER-MADE AND COMMERCIALLY ADAPTED (D-3)

1. Description - this report consists of procedural write-ups of instruction materials which teachers have created or have adapted from commercially available items. Each report includes descriptions of construction, materials procedures for construction and directions for use. An index is provided for easy access.

2. Purpose - (a) Provides information about materials to achieve objectives for which commercial materials were (1) unavailable, (2) inaccessible or (3) inappropriate.

INSTRUCTIONAL MATERIALS: TEACHER-MADE AND COMMERCIALLY ADAPTED (D-3) (Continued)

(b) Provides in-depth information for instructional material numbers 90000-99999, the numbers assigned to teacher-made and commercially adapted items.

3. Source - the teacher made material information is based on data obtained from SER-LARS users as well as other sources. (See NLRC/P Forms: Record of Teacher-Made Materials and Adaptation of Commercially Available Materials, D-3).

4. Procedures - (a) Use of D-3 Index: Each material in this report is identified by content descriptor (general subject area) such as, phonics, short vowel, The index is arranged into major sections such as reading, math, self-help skills, etc. Listed under each general subject are the numbers of material dealing with that area.

   (b) The actual reports describing the materials can be found in the body of the report in numerical order. If the number is known, e.g., from the objective history (See SER-LARS Reports: Learning Objectives and Objective Referenced Measure Information), then the index may be skipped.
